SPERO

SERVE YOU HEART AND SOUL

ABOUT SPERO

The logo of spero is an eagle.

Eagle is the symbol of believes.

It represents a spirit which reminds us to stay persistent.

Needless to say, Spero have and is willing to come across numerous difficulties as a cabinet of the student union.

To tackle different challenges, we must keep our mind tough to overcome any resistance.

We strongly believe that the bravery, staunchness and fortitude can support the eagle to fly higher and also bring Spero further.

Hope is the power of believing. We hope to achieve a better Tang Hin. Therefore it becomes the motivation and passion for us to believe in what we are working and striking for. We sincerely hope Spero can bring Tanghinians courageousness, support and a helpful hand. Thereby, we always focus on our direction——trying our best to serve our schoolmates.

Spero is a verb which means hope in Italian. Speroing constructs our beliefs and everything that we, Spero can conduct as actual motions to fulfill our wishes. Letters in the word ‘Spero’ can be converted into practical actions. S, P, E, R and O represent ***spiritualizing, pacifying, enriching*** and ***reaching out*** respectively.

Spiritualizing, pacifying, enriching and ***reaching out*** are what we are eager to do for everyone in Tang Hin. Not just in theory, but all we can show everyone through our policies, services and activities.

Spero, Serve you Heart and Soul.

ROLES OF SPERO

Members of the student union should never only be representatives from students. They should pick up different roles under different aspects so as to excel our school and benefit students.

Adhesives to tighten the connection (Spiritualize)

Spero hopes to tighten the connection of each schoolmate. Through organizing sorts of themed activities including workshops and New Blood Day, etc. We can provide valuable chances for students who have similar interests to meet and gather. Moreover, we aim at linking students and the school. Spero targets considerate policies which can obviously maintain a more comfortable and amiable school environment.

Friends of every Tanghinian (Pacifying)

Emotional support is irreplaceably crucial under stressful school life. We are honoured to listen to every voice including any opinions, worries and sadness. Apart from the traditional suggestion box, Spero sets up “The Well-known Stranger Scheme” to provide a platform for students to express their feelings and seeking advice with schoolmates freely.

Painting brush to color school life (Enriching)

Interesting and fruitful activities enrich experience and knowledge. Spero offers inner-school events and joint-school events such as TH Game Day and Joint-school Famine for broadening horizons. These are all meaningful chances for us to explore social circle, to develop skills and to build up hobbies.

Map for Tanghinians to explore (Reaching Out)

Spero reaches out the cooperative circle outside our nearby districts towards Kowloon area to overcome the limitation of territory. Our welfare network is all over this city in

Spero, Serve you Heart and Soul.

order to support students to travel more, experience more and learn more.

Additionally, our connected buddy schools are located in most of the eighteen districts in Hong Kong to enhance the communication between Tang Hin and schools sharing more ideas and suggestions.
